EXPERIENCE

Unity Esports — *Freelance Video Editor*

March 2020 - PRESENT

Developed multiple full videos to help market and promote the Esports team over multiple social platforms made using the pro Apple software, Final Cut Pro X.

I also obtained a 4.5/5 customer satisfaction rating for the promotion, announcement and highlight videos I created for Unity Esports by analyzing customer reviews and ratings.

JPMorgan — *Software Engineering Virtual Experience*

June 2020 - August 2020

Interacted and created a system to analyze stock price data feed using python.

Utilized perspective, a JPMorgan open source software, to deliver actionable insights in real time by using React and Typescript.

Created a visual representation of stock prices for trader's dashboard with Perspective.

EDUCATION

Turner Fenton, ON — *International Baccalaureate Diploma*

SEPTEMBER 2019 - JUNE 2023

Candidate for the IB diploma after my graduation from the International Baccalaureate Diploma Program.

PROJECTS

Daily Dose — *React, JavaScript, Sanity.io, HTML, Tailwind CSS*

Developed a web scraper that tracks the price of items on e-commerce websites using BeautifulSoup. Implemented capabilities to send direct emails to users with a brief description of the data received by the scraper, such as the price and URL of the item.
